Flat Battery

We will provide assistance to jump start your car.

Battery Replacement service

If your battery requires replacement we will arrange for free delivery of the new battery. The cost of the replacement battery will be competitively priced and is at the drivers/members expense and is payable at the time of delivery.

Emergency Fuel

In the instance where you have run out of fuel, you will be provided with sufficient fuel to get to the nearest refuelling station. The cost of the fuel will be at your expense and is payable at the time of the assistance being provided. If we are unable to provide fuel we will provide a tow in accordance with the members benefits for towing.

Flat Tyre

Your spare tyre will be fitted provided you have a spare tyre that is roadworthy. Assistance will not be provided for damaged wheels, fitting of a tyre to a wheel rim or if a roadworthy spare is not available.

Lock Out

We will attempt to open a vehicle when the keys have been locked in the vehicle. In the event that we are unable to open the door we will arrange for a locksmith to attend. You will be responsible for the costs over \$50.00 including GST and the balance is payable at the time the locksmith attends

Motor Vehicle repairer or parts retailer locator

If the registered vehicle is more than 100 kilometres from your registered residence we will provide you with details of a suitably qualified motor vehicle repairer or assist you in locating a parts retailer to provide the required parts.

Towing - breakdown related only

Metropolitan area

We will provide free towing within the town limits

Country Area

We will provide free towing when you are out of the town limits for up to 10 Kilometres.
